EDUCATION

Whitworth University | Spokane, WA | BS in Engineering (Mechanical Focus) | Expected May 2029

- Double Minor in Applied Physics and Applied Mathematics

SKILLS

- **Technical:** SolidWorks, C++, C, Embedded Systems, Zephyr RTOS, nRF52840, GPIO, I^2C, SPI, ADC, Data Analysis, Statics

PROJECTS

RC Airplane | SolidWorks & 3D-Printing

- Designed and modeled the aircraft fuselage and nose in SolidWorks and contributed to the assembly of a 3D-printed RC airplane
- Tested the electrical propulsion system and identified excessive back pressure in the fuselage as a likely cause of failed flight testing

SmartTrack | C++

- Developed a C++ training-planning application that generates personalized 7-day training plans from an athlete's events, goals, personal records, and weekly availability
- Implemented input validation, workout selection, PR-based lifting load calculations, and missed-workout rescheduling

Embedded Systems | C, Zephyr RTOS, nRF52840

- Developed embedded applications for the nRF52840 using Zephyr RTOS to interface with sensors and control GPIO, ADC, I^2C, and SPI peripherals
- Integrated and analyzed data from accelerometer, temperature, and light sensors for real-time device monitoring

EXPERIENCE

Banquet Server | Steamplant Restaurant & Montvale Event Center | Spokane, WA | 2025 - Present

- Execute room setups and run events according to detailed layouts, schedules, and service standards
- Coordinate with service and kitchen teams to maintain efficient operations during high-volume events

Youth Basketball Coach & Athletic Mentor | St. Stephen's Basketball Camp | Spokane, WA | 2021 - Present

- Design and lead basketball drills and structured team games to develop athletic performance and teamwork
- Communicate complex instructional concepts clearly while adapting coaching to individual learning needs

LEADERSHIP & INVOLVEMENT

NCAA Track & Field Student-Athlete | Whitworth University | 2025 – Present

- Balance 20+ hours of weekly training with a full academic course load while pursuing long-term performance goals through structured training, performance analysis, and continuous improvement

Student-Athlete Advisory Committee (SAAC) Member | Whitworth University | 2026 - Present

- Organize community fundraisers and campus events while collaborating with student-athletes and university organizations to advocate for student-athlete interests and campus needs

Varsity Team Captain (Football, Basketball, Track) | Lewis & Clark High School | 2021 - 2025

- Elected by peers and coaching staff to lead 3 varsity athletic teams; facilitated team communication, peer mentorship, and team advocacy
